Note that the agreement below is totally optional. If you do not wish to have "partner" status, there is no problem and it is "business as usual". We do believe that partner status has tremendous value but realize it may not fit with your current business plan.

I _____ of _____ wish to attain MaxLight™ Manufacturing Partner status. I understand that MMC has developed and will continue to develop special programs that are available exclusively to MaxLight™ Manufacturing Partners. I understand that to qualify for MaxLight™ Manufacturing Partner status, I will produce MaxLight™, PSI™ or NSP™ flash products exclusively. I understand that I can sell or produce pre-inked stamps that use other technology such as laser or gel.

Currently, such status enables me to partake in the following programs/discounts.

- **20% off MaxLight™ Z Daters**
- **20% off MaxLight™ E-Stamps**
- **20% off Digital Displays**
- **20% off Pressure Sensitive Labels**
- NSP™ Stackable Kits at 20% off end column pricing
- Flash Pens at 20% off end column pricing
- **PostMark™ Products at 10% savings**
- MaxLight™ Blue™ Ink Jet and Laser Cartridges at 40% off retail
- JustRite® Scrapbook and Paper Crafting products at 50/25% off retail & a listing on www.justritestampers.com website.
- MaxLight™ Pocket Stamps at 20% off end column pricing
- PSI™ Pre-Assembled and XL4 Pre-Assembled distributor pricing (33-1/3% off regular end column pricing)
- PSI™ 4696 & 6994 at 20% off end column pricing

I understand that such programs may be discontinued and new ones added at anytime.
