**INK:** Memento Tuxedo Black, Ice blue Chalk

**Kaiser-** Rhinestones

**Helmar** -V2 Vellum Spray- Helmar

**Scotch** Foam Mounting tape

**Martha Stewart** Glitter Glue

### Directions:

#### Blue Snowflake Ornament:

1. Ink the glittered snowflake with ice blue chalk ink. Spray with V2 Vellum Adhesive and apply Crystal Glitter. Set aside to dry.
2. Using the largest die from the Fleur De Lis Pendant die cut a pale blue pendant.
3. Using the largest die from the Nested Poinsettia die cut a pale blue poinsettia. Apply Adhesive- (Martha Stewart Glitter Glue) to the exterior petals of your Poinsettia leaves. Apply Gala Glitz Blue glitter to the glued

areas and set aside to dry. (Feel free to mix various colors of Gala Glitz Glitter to make your own custom mix.)

4. Select the double snowman designer center image from the Old Fashioned Christmas Stamp Set and snap it into the center of your JustRite 3 1/4" stamper. Using Memento Tuxedo Black Ink, stamp the image onto Neenah Classic Solar Crest White Cardstock.
5. Die Cut the image using the #3 die from the Classic Scallop Nestabilities set- Large, Then dry emboss the image using your tan mat,
6. Color the embossed edge of the image with B000. (this makes your image look matted).
7. Next using the following Copic Markers- 0, B000,B02, B16, R09,R89,E33,E17,G12,G21, color in your image.
8. Using Zip Dry Glue adhere all your pieces as shown in the photos and add blue & green Rhinestones to your glittered snowflake. **Tip: Use Zip Dry adhesive to adhere the self adhesive rhinestones as they will not stay adhered securely to the glittered surface.**

Now use your imagination to create more JustRite Snowflakes using other JustRite Christmas Images.
